

Modern Slavery Statement 2025

Statement

This statement is made under section 54 of the Modern Slavery Act 2015 and covers the financial year ended 31 December 2025. It was approved by the board of North Holdings Group on 19 March 2026.

Our approach

The group requires every operating business to assess modern slavery risk in its supply chain annually. High-risk categories include contract labour, packaging, and logistics services in certain regions.

Actions in 2025

We updated the Supplier Code of Conduct, trained 214 buyers and operations managers, and completed on-site audits at nine suppliers. No incidents of modern slavery were identified.
